Former Military Officials Testify Before US Congress About Extraterrestrials, Alien Craft

Former military officials Ryan Graves, David Grusch, and David Fravor attend a hearing on unidentified anomalous phenomena on Capitol Hill in Washington, July 26, 2023.

WASHINGTON — The U.S. government "absolutely" has recovered extraterrestrial craft, according to a former combat officer who was a member of a Department of Defense task force that investigated unidentified anomalous phenomena, or UAP.

Dave Grusch, in response to a House member's questions during a congressional hearing Wednesday, said he knows the exact locations of such alien craft and that he had provided this information to the intelligence community's inspector general.

Grusch, who has become a whistleblower and testified that he has faced retaliation for his revelations, told lawmakers that the U.S. government also possesses evidence of non-human biologics. Grusch did not elaborate, stating he had not seen any alien craft or beings himself, but was basing his testimony on dozens of interviews he had conducted within the U.S. intelligence community.

The Air Force veteran, who also worked for two intelligence agencies, was one of three former military officers who appeared before the House Oversight Committee's national security subcommittee, which held a 135-minute open televised hearing on unidentified flying objects.

The technology "is beyond anything we have," said David Fravor, who in 2004 as a U.S. Navy pilot videotaped off the coast of California a physics-defying flight of an object, known as the "Tic-Tac."

Startling claims made at UFO hearing in Congress, but lack direct evidence

Ex-defense department official said government employees had been injured and US conducted secret UFO retrievals

US government employees have been injured by UFOs and the US government has conducted a secret UFO retrieval program, a former department of defense official **told a congressional committee** on Wednesday, though the hearing lacked any direct evidence to back up the startling claims.

The hearing on unidentified anomalous phenomena (UAP), which has become the more accepted term for UFO, also heard that the government had a “huge amount” of secret information on UAPs, including “photos, video, photos, other information”. But it also learned, following a query from the

Amongst those featured in the landmark film are Secretary of State Marco Rubio, Senator Kirsten Gillibrand, Lue Elizondo (former Department of Defense official, member of the Government’s Advanced Aerospace Threat Identification Program, aka AATIP), Senator Mike Rounds, Jay Stratton (former DIA official, Director of the Government’s UAP Task Force), General Jim Clapper (former Director of National Intelligence), Mike Gold (NASA UAP Study Team member), Admiral Tim Gallaudet (Former Navy Chief Oceanographer), Brett Feddersen (former Director of Aviation Security on the White House’s National Security Council), Jim Semivan (former senior CIA official), Representative Carson, Mike Gallagher (former Chairman of the House Select Committee on the Chinese Communist Party), Christopher Mellon (former Department of Defense official), senior scientist from multiple Government UAP programs such as Dr. Garry Nolan, quantum physicist Hal Puthoff Ph.D., astrophysicist Eric Davis Ph.D., military eye-witnesses of UAP events over U.S. military bases, and more.

Last year, the U.S. Senate introduced the bipartisan UAP Disclosure Act, sponsored by then Senate Majority Leader Chuck Schumer, Sen. Rounds, Sen. Rubio, and Sen. Gillibrand. The act proposed laws that would bring about public disclosure on what the Government knows about UAP and non-human intelligence. Despite being passed in the Senate, the act was ultimately blocked by special interest groups and concerns over public disclosure of the truth regarding UAP. At the time, Senator Chuck Schumer declared, “The American public has a right to learn about technologies of unknown origins, non-human intelligence and unexplainable phenomena”.

THE ROUND ROBIN

THE FLYING ROLL

San Diego, California. July 8, 1947 -

(For your information) - A MEMORANDUM OF IMPORTANCE -

THIS MEMORANDUM is respectfully addressed to certain scientists of distinction to important aeronautical and military authorities, to a number of public officials and to a few publications.

The writer has little expectation that anything of import will be accomplished by this gesture. The mere fact that the data herein were obtained by so-called supernatural means is probably sufficient to insure its disregard by nearly all the persons addressed; nevertheless it seems a public duty to make it available. (The present writer has several university degrees and was formerly a university department head).

A very serious situation may develop at any time with regard to the "flying saucers." If one of these should be attacked, the attacking plane will almost certainly be destroyed. In the public mind this might create near panic and international suspicion. The principal data concerning these craft is now at hand and must be offered, no matter how fantastic and unintelligible it may seem to minds not previously instructed in thinking of this type.

1. Part of the disks carry crews, others are under remote control.
2. Their mission is peaceful. The visitors contemplate settling on this plane.
3. These visitors are human-like but much larger in size.
4. They are NOT ex-carnate earth people, but come from their own world.
5. They do NOT come from any "planet" as we use the word, but from an etheric planet which interpenetrates with our own and is not perceptible to us.
6. The bodies of the visitors, and the craft also, automatically "materialize" on entering the vibratory rate of our dense matter. (Cp. "apports.")
7. The disks possess a type of radiant energy, or a ray, which will easily disintegrate any attacking ship. They reenter the etheric at will, and so simply disappear from our vision, without trace.
8. -The region from which they come is NOT the "astral plane", but corresponds to the Loka or Tala. Students of etheric matters will understand these terms.
9. They probably cannot be reached by radio, but probably can be by radar, if a signal system can be devised for that apparatus.

INDEXED

We give information and warning, and can do no more. Let the newcomers be treated with every kindness. Unless the disks are withdrawn, a station operations with which our culture and science are incapable of dealing. A heavy responsibility rests upon the few in authority who are able to understand this matter.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI DATE: March 22, 1950

FROM : GUY HOTTEL, SAC, WASHINGTON

SUBJECT: FLYING SAUCERS
INFORMATION CONCERNING

Flying Discs or Flying Saucers

The following information was furnished to SA [redacted] by [redacted]

An investigator for the Air Forces stated that three so-called flying saucers had been recovered in New Mexico. They were described as being circular in shape with raised centers, approximately 50 feet in diameter. Each one was occupied by three bodies of human shape but only 3 feet tall, dressed in metallic cloth of a very fine texture. Each body was bandaged in a manner similar to the blackout suits used by speed flyers and test pilots.

According to Mr. [redacted] informant, the saucers were found in New Mexico due to the fact that the Government has a very high-powered radar set-up in that area and it is believed the radar interferes with the controlling mechanism of the saucers.

No further evaluation was attempted by SA [redacted] concerning the above.
